

Resort Village of Alice Beach

*Respectful of our environment, our
neighbours and our community.*

Newsletter Date: September 2017

Mayor: Ronald Ziegler
Deputy Mayor: Terry Gilroy
Councillor: Grant Clarke

WEBSITE- By now we hope that everyone has visited the website to view minutes, bylaws, news, etc. This website contains valuable information and is our venue to provide this information to our residents, such as minutes, bylaws, notices and upcoming events. RVAB is also now on Twitter, so you can also follow news using that media.

BOAT LAUNCH- As you are all aware, the boat launch was repaired, and will still undergo some final tweaking, but we were really pressed for time to get it at least useable. Council has not been completely satisfied with the current condition and will be moving forward to improve the access for launching boats and watercraft.

COMPOST PILE- The dumping area for leaves, grass, and clippings etc., has been relocated. Please cooperate and save our maintenance staff additional clean-up hours by dumping your leaves and grass immediately beside the pile and not just at the edge of the cultivated area. Also a reminder, the burn pit is for trees and burnable wood only. It has, on occasion, been used to dump prohibited items, such as plastics, metal, and other non-burnable items. Continued disregard for this will result in the pit being locked up and only available while being supervised.

BURN PIT- We have had a most difficult summer for burning the tree and wood disposal site. Our village and neighboring RM have been under a fire

ban for most of the summer and our resident's cooperation during this time has been greatly appreciated. As conditions improve we will get back to a regular burning schedule.

GARBAGE DISPOSAL CONTAINERS- We will get charged for only containers that need dumping so please try to place your garbage in containers starting on the East part of the row and that are already in use. As requirements change for fall and winter some of the containers may be locked. This will eliminate unnecessary cost during off peak times of the year. Tires, Bar B Q's, fridges and scrap metal cannot be placed in these containers. This has already happened this year. Continued abuse will result in the containers being locked and only opened for specific time periods.

RODENTS- There have been rat sightings reported to council. If anyone notices rats or skunks or whatever, within our village, please contact the administrator. We do belong to a provincial program to deal with these issues.

BYLAW ENFORCEMENT- Over the years some residents have taken liberties with some of our bylaws which were put in place to keep our Resort Village a quiet, clean and neat community. Many visitors have commented on how nice our village is, but some continue to ignore our bylaws.

Council expects all residents to educate themselves on non-compliance for bylaw infractions, such as excessive dog barking, abandoned and/or unlicensed vehicles, non-compliant buildings and trailers, including more than one living accommodation on a lot, unkept and unsightly yards.

The bylaws are on the website. If you have any questions about whether you may be in violation of any bylaws, please contact any member of council or our administrator.

WINTER ROAD MAINTENANCE- Applications will be received for operating the village snow blower and related road maintenance for this winter

season, from November to March. We are ideally looking for a full time resident of RVAB. Please contact our administrator if you are interested.

Working together for all to enjoy!

RVAB Council
