

Report from the Playground Committee – May 1, 2018

A New Year, a new playground, a new committee! What an exciting time it's been!

Other than placing the plaques at the entrance to the playground, and collection bins at the beach area, the (original) Playground Committee has completed what it set out to do. Now a new committee has graciously stepped up to continue with improvements to our resort village! The new committee will be sending out a newsletter introducing themselves shortly, but first we would like to thank each and every one of you for helping to make improvements to the playground over the last several years. It really is a result of the cooperation and selfless support you have provided, that has brought the playground to completion.

Bottle drives have been incredibly helpful in raising funds. Volunteers came in a lot of forms and every one helped to make our playground to become one of a kind!

We would hate to lose the momentum of these organized bottle drives and are hopeful that residents continue to support the new committee in their efforts to help raise funds for future equipment and for helping to spruce up the community.

We can all be proud of our playground which really offers something for every age group in our community from 2 years old to 102!!

Again, the committee would like to thank everyone who has helped out either through donations of bottles and cans or volunteering their help in every sense of the word – and that goes for all the husbands of the committee as well! Although we planned, organized, ordered, etc., Al, Ron, Terry and Vern were there to help whenever they were needed.

Thank you everyone!

Alice Beach Playground Committee (2012 – 2017)
