

Resort Village of Alice Beach

*Respectful of our environment, our
neighbours and our community.*

Mayor: Ronald Ziegler
Deputy Mayor: Terry Gilroy
Councillor: Ryan Mengel

Important Notice

Trees Encroaching on Village Road ROW

With many of the trees along Lot boundaries maturing and extending onto the roadway , it has become a problem for road maintenance, especially in the winter months.

All residents that have tree limbs extending onto the roadway that will limit snow clearing are advised that they must be trimmed back to allow access with village equipment.

If problem areas are not addressed by Oct.31, the village intends to hire a tree removal company to remove any problem areas and the cost will be charged to the respective lot owner.
